CMT/CAPT NEWS

Release Date for CMT/CAPT Science Results and Mathematics, Reading and Writing Results

The CSDE will provide **embargoed student assessment results** for the 2014 CMT and the 2014 CAPT through <http://www.ctreports.com> on August 6, 2014. Science results will be available for all districts, and Mathematics, Reading and Writing results will be available for those districts that administered the CMT and/or CAPT in those content areas.

These results are under embargo until the week of August 11-15, at which point in time the data will be made public. You will receive notification of the precise day and time the data will no longer be embargoed and will be made public.

The embargoed CMT and CAPT results are made available for districts as a courtesy before results are made public. It is critical that districts do not make embargoed results public before the embargo is lifted. Releasing results prior to the lift of the embargo jeopardizes your district's access to future embargoed releases.
